

Minutes for the March 15, 2016 Grant Committee

The meeting was called to order at 2:05 p.m. With Darla Rippee, Wanda Freeman and Doris French present.

A motion to approve the agenda was made by Doris and seconded by Darla. Motion passed.
A motion to approve the minutes from the February meeting was made by Doris and seconded by Darla. Motion passed.

We discussed the landscaping proposal that was rejected by the board last night. Member comments included that it was too much stuff, or some people have allergies to flowers, etc. George will give the members who voted no a copy of the proposal and have them include what they think is appropriate. Then he will meet with them and get back to us with the board's recommendation.

Nothing has been heard from the softball association about the grant we submitted.

Tire drive will be May 21. People should contact Mosquito Control if they have more than 5 tires to recycle. Some people want to get tires from the ditches to recycle and having to pay to recycle them would defeat the purpose.

We were asked to check into getting a generator for the hall. Wanda will get the information for the next meeting. She will get the approximate size of the hall and call around for an estimate.

The search for fire barn funding is on hold until the board has a place to build it. They are looking into the Dow property across the street from the present building. Darla said the DNR wants to come in with us on the project.

Mary is in charge of the open house for the new hall. Doris will ask her if a date has been set yet. If they don't have a date set by our April meeting, we can set one up and invite the organizations who granted us money. We especially want to thank Tom for all the time and effort he put into the project.

The next meeting will be April 12, 2016.

A motion to adjourn was made by Wanda and seconded by Doris. Motion passed and the meeting adjourned at 2:55 p.m,

Respectfully submitted,

Doris French
Secretary
