

Ramps For Independence

* UCP of Michigan has been awarded money from MSHDA and The Gerstacker Foundation to provide wheelchair ramps to those in need. Ramps for Independence is designed to improve the quality of life of people with disabilities, seniors, and veterans of low to moderate-income by improving their housing accessibility. People who use wheelchairs or other mobility devices need ramps to access their home. Ramp building programs are very limited in Michigan, and the cost is often prohibitive for people with low to moderate income.

Ramps for Independence is targeting people of low to moderate income in the following areas:

- Iosco
- Midland
- Lansing
- Clinton County
- Eaton County
- Ingham County
- Shiawassee County
- Livingston County
- Washtenaw County
- Kent County
